

### SAFETY DATA SHEET HYDRAULIC SAE 10W

According to Regulation (EC) No 1907/2006, Annex II, as amended by Regulation (EU) No 453/2010

| SECTION 1: Identification of t   | he substance/mixture and of the company/undertaking   |  |
|--|---|--|
| 1.1. Product identifier  |   |  |
| Product name   | HYDRAULIC SAE 10W   |  |
| Product number   | 22119   |  |
| 1.2. Relevant identified uses of the substance or mixture and uses advised against |   |  |
| Identified uses  | Industrial oil  |  |
| 1.3. Details of the supplier of t  | the safety data sheet   |  |
| Supplier   | PETROL OFİSİ A.Ş.<br>Ünalan Mahallesi, Libadiye Caddesi No: 82F Kat: 2-3-4, 34700 Üsküdar/ Istanbul<br>Tel: +90 850 339 1919<br>Fax: +90 216 275 3854<br>madeniyag@petrolofisi.com.tr |  |
| 1.4. Emergency telephone number  |   |  |
| Emergency telephone  | Madeni Yağ Müşteri Hizmetleri: 0850 339 19 19 (mesai saatleri)  |  |
| SECTION 2: Hazards identific   | ation   |  |
| 2.1. Classification of the subst   | tance or mixture  |  |
| Classification (EC 1272/2008)  |   |  |
| Physical hazards   | Not Classified  |  |
| Health hazards   | Not Classified  |  |
| Environmental hazards  | Not Classified  |  |
| 2.2. Label elements<br>Hazard statements<br>2.3. Other hazards                     | NC Not Classified   |  |
| SECTION 3: Composition/info  | ormation on ingredients   |  |
| 3.2. Mixtures  |   |  |
| Composition comments   | Some substances are not classified by legistlation. They are self classified by the manufacturer. The DMSO extract by IP 346 of the oil is less than 3%                               |  |
| SECTION 4: First aid measures  |   |  |
| 4.1. Description of first aid measures   |   |  |
| General information  | Get medical attention if any discomfort continues.  |  |
| Inhalation   | Move affected person to fresh air at once. Rinse nose and mouth with water. Get medical attention if any discomfort continues.  |  |

IngestionNever give anything by mouth to an unconscious person. Do not induce vomiting. Rinse<br/>mouth thoroughly with water. Get medical attention if any discomfort continues.

| Skin contact                                  | Remove affected person from source of contamination. Remove contaminated clothing. Wash skin thoroughly with soap and water. Get medical attention if any discomfort continues.   |  |
|---|---|--|
| Eye contact                                   | Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.                             |  |
| 4.2. Most important symptoms                  | and effects, both acute and delayed   |  |
| Inhalation                                    | No specific symptoms known.   |  |
| Ingestion                                     | No specific symptoms known.   |  |
| Skin contact                                  | No specific symptoms known.   |  |
| Eye contact                                   | No specific symptoms known.   |  |
| 4.3. Indication of any immedia                | te medical attention and special treatment needed   |  |
| Notes for the doctor                          | No specific treatment. Treat symptomatically.   |  |
| SECTION 5: Firefighting meas                  | ures  |  |
| 5.1. Extinguishing media                      |   |  |
| Suitable extinguishing media                  | The product is not flammable. Extinguish with the following media: Foam, carbon dioxide or dry powder.  |  |
| Unsuitable extinguishing media                | Do not use the following: Water.  |  |
| 5.2. Special hazards arising fro              | om the substance or mixture   |  |
| Specific hazards                              | Protection against nuisance dust must be used when the airborne concentration exceeds 10 mg/m3. Oxides of carbon. Oxides of nitrogen.   |  |
| 5.3. Advice for firefighters                  |   |  |
| Protective actions during firefighting        | Avoid breathing fire gases or vapours. Control run-off water by containing and keeping it out of sewers and watercourses.   |  |
| Special protective equipment for firefighters | Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.   |  |
| SECTION 6: Accidental releas                  | e measures  |  |
| 6.1. Personal precautions, pro                | tective equipment and emergency procedures  |  |
| Personal precautions                          | Wear protective clothing as described in Section 8 of this safety data sheet.   |  |
| 6.2. Environmental precaution                 | <u>S</u>  |  |
| Environmental precautions                     | Do not discharge into drains or watercourses or onto the ground.  |  |
| 6.3. Methods and material for                 | containment and cleaning up   |  |
| Methods for cleaning up                       | Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses. |  |
| 6.4. Reference to other sections              |   |  |
| SECTION 7: Handling and storage               |   |  |
| 7.1. Precautions for safe handling            |   |  |
| Lleage proceutions                            | Avoid spilling. Avoid contact with skin and oves  |  |

Usage precautions

Avoid spilling. Avoid contact with skin and eyes.

#### 7.2. Conditions for safe storage, including any incompatibilities

| Storage precautions                      | Store in tightly-closed, original container in a dry, cool and well-ventilated place.  |
|--|--|
| 7.3. Specific end use(s)                 |  |
| Specific end use(s)                      | The identified uses for this product are detailed in Section 1.2.  |
| SECTION 8: Exposure contro               | ls/Personal protection   |
| 8.1. Control parameters                  |  |
| 8.2. Exposure controls                   |  |
| Protective equipment                     |  |
|  |  |
| Appropriate engineering<br>controls      | Provide adequate ventilation. Avoid inhalation of vapours. Observe any occupational exposure limits for the product or ingredients.  |
| Eye/face protection                      | Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles or face shield.  |
| Hand protection                          | Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. Wear protective gloves made of the following material: Nitrile rubber. Polyvinyl chloride (PVC).   |
| Other skin and body protection           | Wear appropriate clothing to prevent any possibility of skin contact.  |
| Hygiene measures                         | Do not smoke in work area. Wash at the end of each work shift and before eating, smoking<br>and using the toilet. Wash promptly if skin becomes contaminated. Promptly remove any<br>clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin.<br>When using do not eat, drink or smoke. |
| Respiratory protection                   | No specific recommendations. Respiratory protection may be required if excessive airborne contamination occurs.  |
| SECTION 9: Physical and che              | emical properties  |
| 9.1. Information on basic phys           | sical and chemical properties  |
| Appearance                               | Liquid.  |
| Colour                                   | Yellow.  |
| Flash point                              | 212°C OC (Open cup).   |
| Relative density                         | 0.88 g/ml @ 15°C   |
| Viscosity                                | 5.54 cSt @ 100°C   |
| 9.2. Other information                   |  |
| SECTION 10: Stability and reactivity     |  |
| 10.1. Reactivity                         |  |
| Reactivity                               | There are no known reactivity hazards associated with this product.  |
| 10.2. Chemical stability                 |  |
| Stability                                | Stable at normal ambient temperatures.   |
| 10.3. Possibility of hazardous reactions |  |

Sea transport notes

## HYDRAULIC SAE 10W

| Possibility of hazardous reactions         | Under normal conditions of storage and use, no hazardous reactions will occur.  |  |
|--|---|--|
| 10.4. Conditions to avoid                  |   |  |
| Conditions to avoid                        | Avoid excessive heat for prolonged periods of time. Avoid contact with strong oxidising agents.   |  |
| 10.5. Incompatible materials               |   |  |
| Materials to avoid                         | No specific material or group of materials is likely to react with the product to produce a hazardous situation.  |  |
| 10.6. Hazardous decomposition              | on products   |  |
| Hazardous decomposition products           | Fire creates: Carbon monoxide (CO). Carbon dioxide (CO2).   |  |
| SECTION 11: Toxicological in               | formation   |  |
| 11.1. Information on toxicological effects |   |  |
| Inhalation                                 | Gas or vapour in high concentrations may irritate the respiratory system. Symptoms following overexposure may include the following: Coughing.  |  |
| Ingestion                                  | May cause discomfort if swallowed.  |  |
| Skin contact                               | Liquid may irritate skin.   |  |
| Eye contact                                | Vapour or spray in the eyes may cause irritation and smarting.  |  |
| SECTION 12: Ecological infor               | mation  |  |
|  |   |  |
| Ecotoxicity                                | Not regarded as dangerous for the environment.  |  |
| 12.1. Toxicity                             |   |  |
| 12.2. Persistence and degrad               |   |  |
| 12.3. Bioaccumulative potentia             |   |  |
| 12.4. Mobility in soil                     |   |  |
| 12.5. Results of PBT and vPv               | B assessment  |  |
| 12.6. Other adverse effects                |   |  |
| SECTION 13: Disposal consid                | Ierations   |  |
| 13.1. Waste treatment method               | ds and a second s |  |
| General information                        | The packaging must be empty (drop-free when inverted).  |  |
| Disposal methods                           | Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Environmental Manager must be informed of all major spillages. Avoid the spillage or runoff entering drains, sewers or watercourses.  |  |
| SECTION 14: Transport information          |   |  |
| General                                    | The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).  |  |
| Road transport notes                       | Net applicable  |  |
|  | Not applicable.   |  |
| Rail transport notes                       | Not applicable.   |  |

Not applicable.
